

Institute of IT Training Accredited Training Provider

Just IT Training Ltd is accredited under the Institute of IT Training's Personally Funded Training Provider accreditation programme. The Institute of IT Training (IITT) is the professional body for IT Training in the UK. The IITT accredited status allows buyers to have confidence in their purchasing decision by means of:

- Assurance that the Training Provider conforms to a professional Code of Practice and that conformance to the Code is assessed annually and monitored by means of a rigorous, in-depth accreditation audit
- Assurance that the Training Provider behaves ethically and with integrity in all of its business dealings
- Assurance that the Training Provider acts in the best interests of its prospects and clients
- Assurance that marketing collateral is honest and verifiable and accurately represents the training services being provided
- Assurance that the Training Provider's pre-sales processes are honest and open – nothing is hidden from the prospective purchaser
- Assurance that the Training Provider operates a complaints procedure that includes an independent escalation process for dispute resolution, administered by the industry's professional body, giving buyers confidence in the quality of service provision
- Assurance that the Training Provider delivers training that can be assessed to have achieved the stated learning objectives
- Assurance that the Training Provider provides support and back-up to the training to ensure that stated learning objectives are achieved
- Assurance that instructional materials are well designed, up to date, fit for purpose and appropriate to the level of training and to the training situation
- Assurance that trainers are technically competent with appropriate subject matter expertise
- Assurance that trainers have recognised trainer delivery skills
- Assurance that equipment is reliable and appropriate to the subject and audience
- Assurance that learning environments are conducive to effective learning including appropriate trainer-student ratios
