

JUST IT
Making IT Happen

Higher Level 4 Apprenticeship

Just IT's Level 4 Apprenticeship programme is aimed at forward thinking employers that want to develop their staff and give a young person the chance to step-up in their career.

Level 4 is suitable for those who have already completed a Level 3 Apprenticeship in IT, Web, Software and Telecoms or have undergone A Levels at school or college. The focus is placed on self-directed learning, research and relevant project-based assignments, all supported by a dedicated assessor.

Higher apprenticeships are the best combination of on the job training and employees studying for a higher level qualification to give you the knowledgeable workforce your business needs.

Vendor Qualification Options

- Microsoft MCIPT
- Microsoft MCSE
- Microsoft MCTS - Windows 7, Windows Server 2008
- Cisco CCNA

Professional Qualifications

- Level 4 Certificate in ICT Systems and Principles
