

Apprentice Success story: Debbie Cutler

I had recently [changed careers](#) when I joined Hampshire County Council, and that role itself was already evolving due to the requirement of data analytics.

The programme provided a way to develop into my role and [learn new skill sets](#) to undertake these new technologies.

This was [highly beneficial](#) since the world of data was all new to me and the programme also covered what I was using on a day-to-day basis.

The programme is really relevant to my role and [putting things you have learnt into practice](#) has been really useful for my career.
