Ψ		CIM Affiliate membership and access to MyCIM Library resource (subject to change by CIM) Access to 'Master of Marketers'.

Induction process

Pre-induction

Before the learner signs up to the programme, they will get invited to a briefing session to make sure it is right for them and then be introduced to our dedicated on-boarding team to ensure eligibility. From here, they will complete their English and Maths initial assessments and a date will be arranged to conduct their sign-up.

Enrolment

During this session the learner's business coach will discuss the apprenticeship and show the learner around OneFile, our modular e-resource platform. They'll discover more about the modules that make up their apprenticeship and complete the enrolment process. Following the session, work will commence on their self-development project alongside completing the first pieces of e-Learning. Functional Skills learning will also be completed at this point if required.

Coaching support

Give feedback on any self-study the learner has completed.

Provide one-to-one learning and

learner and their line manager.

Discuss their Maths and English

Support the learner for their

knowledge module exams.

progression review with the

support. This includes a quarterly

Gather evidence for their portfolio.

Regular coach visit to

Functional Skills

Functional Skills (FS) support the learners development of practical skills in English and Maths if they have not obtained grade A-C at GCSE level in those subjects.

They will need to sit the functional skills exam if they cannot provide evidence of certificates from their GCSEs. Their coach will provide support throughout their learner journey based on their individual needs.

Additional Learning Support

All learners will take assessment tests through our Candidate Management Onboarding Team so we can identify any additional support methods that will benefit their learning and future career aspirations.

We provide our learners with a tailored learning support plan offering further individual development and growth, supported by their Business coach.

Remote learning

Our learners benefit from always-on access to both our resources and training expertise. We have harnessed the latest technologies to provide a remote learning product that means learners can benefit from all our training and development programmes wherever they are.

Online coaching

skills.

We have great coaches with years of experience in delivering the most relevant and useful information to support people to achieve their goals.

Now, through remote access technologies like Microsoft Teams or Zoom, learners can see, hear and collaborate with our apprenticeship Business Coaches. This gives them direct access to ask questions and receive bespoke support relevant to the stage of their programme. This collaborative and interactive approach adds value to the learning experience and is now offered in a fully online environment.

Learner journey

Learners will be supported monthly by our business coaches. This is alongside quarterly reviews involving the learner's manager & attending 6 days of facilitated training to ensure they are fully equipped to become a Digital Marketing professional.

Stories and Live

End point assessment (EPA)

The final stage of the learner's learning journey is the EPA which will be carried out by an independent assessor. The EPA is broken down into three stages.

EPA preparation

The learner will have an EPA preparation session which will help them get ready for the project showcase (Project Report, Presentation & Q&A) and Professional Discussion.

Gateway

Gateway is a meeting that takes place towards the end of the programme, between the learner, their line manager and their coach, to discuss their progress and decide whether they fully meet the requirements of the apprenticeship standard. Once the learner's portfolio is completed to the required standard, the requirements for Functional Skills and the project scoping document are evidenced and complete, on approval by the 'Independent End Point Assessor', apprentices can proceed through gateway to their 'end point assessment'.

Project Showcase & Professional discussion

- Project Report: The project report (2500 words + appendices / references) will be agreed between the apprentice and employer prior to the gateway period, supported by the business coach and will be completed in a 8-12 week period.
- Presentation and Q&A: This will take place with an independent assessor approx. 2 weeks after submission of your report.
- Professional discussion: The apprentice will undertake a 60-minute interview, supported by their portfolio of evidence submitted at gateway.

After this stage, the learner will receive a final grade of either a pass, merit or distinction.

About us

Just IT is all about making careers happen. As a multi, national award-winning company, operating for over 20 years, we support learners through our unique offering of Apprenticeships, Recruitment and Training services.

We put our customers at the centre of everything we do and that ensures that we run a business where candidates return continually to further develop their career and clients return to us on a repeat basis.

We have trained and developed over 12,000 candidates' careers and our focus on service means we have a 91% Employers satisfaction rating and 90% rate us good/Excellent.
