

The demand for IT professionals is increasing on an annual basis, especially to unlock growth across various sectors in today's digital economy. Our [IT Technician Skills Bootcamps programme](#) focuses on teaching the technical skills required to start your career in IT and boost your employability skills.

Skills Bootcamp Breakdown

Skills bootcamps are designed to help learners develop the digital skills that employers are demanding. Just IT are delivering Skills Bootcamps to develop the IT Technicians of the future, as part of a government initiative to tackle skills gaps across the country, enabling businesses to build a diverse and technically competent workforce.

Available to new and existing employees and created in part as a response to the pandemic, Skills Bootcamps are part of the Lifetime Skills Guarantee and Plan for Jobs. Previous experience isn't necessary, but you must have an active interest in working in IT.

Eligibility

Skills Bootcamps are available to all adults, regardless of prior attainment aged 19+. Applicants must;

- Be living in England and either; employed, self-employed, career changers, returners to work or unemployed within the last 12 months.
- Have access to a reliable internet connection with a PC/ Laptop.
- Have the right to live and work in the UK.

The programme duration is 12 weeks.

The programme is free for all learners.

What you will learn

The programme will enable you to develop the skills and knowledge needed to start your career in IT. This will include the following industry recognised certifications that top employers are looking for:

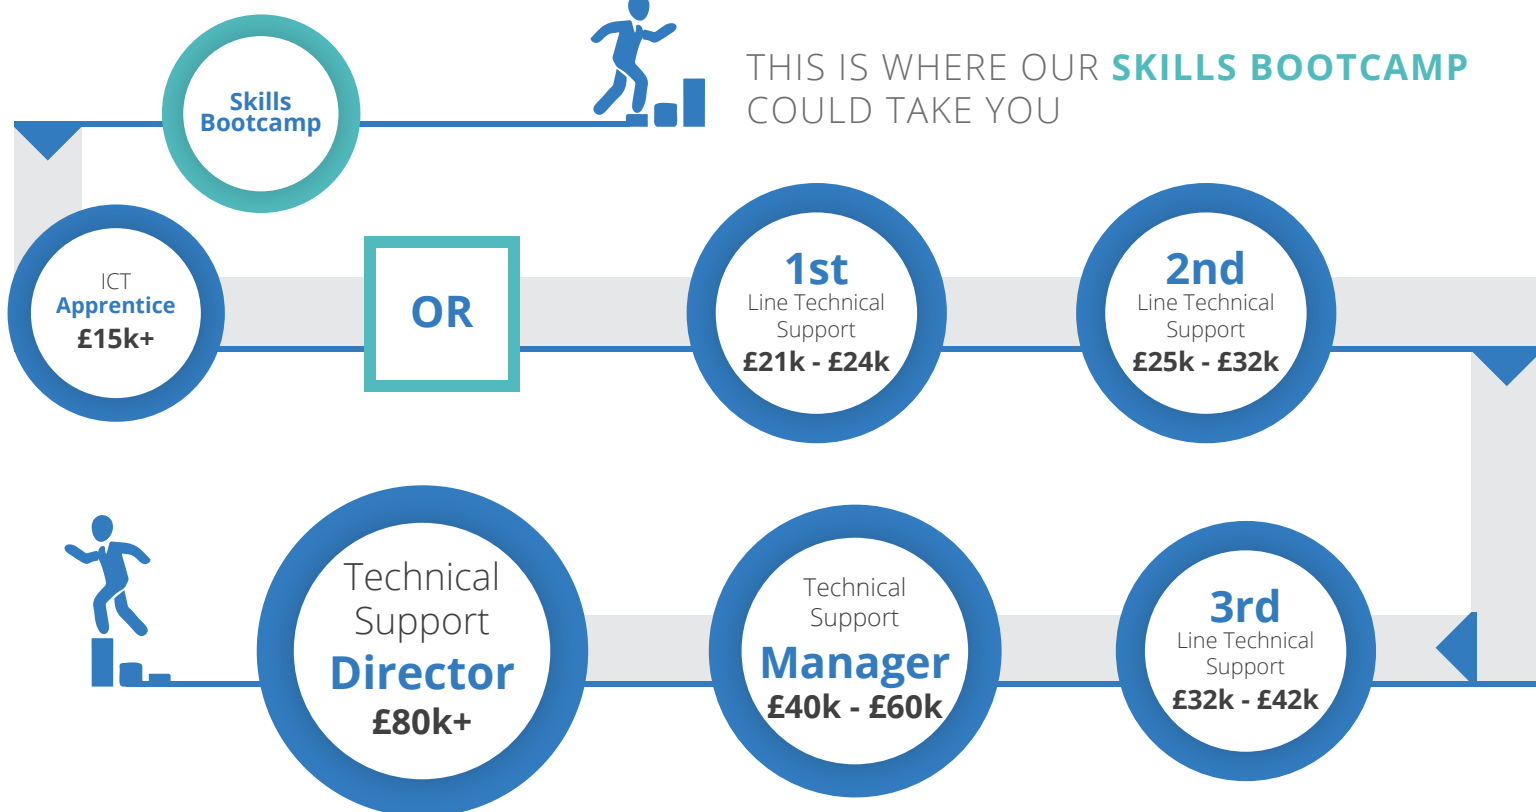

CompTIA A+

Microsoft 365

We'll also help you hone your soft skills, including communication, collaborative working, problem-solving and working to deadlines in an agile environment.

YOUR IT CAREER STARTS HERE

Skills Bootcamp Success Story - Dharti Vyas Learner on programme & now an IT Apprentice

“In the bootcamp, I have learnt how to troubleshoot IT problems that every business encounters frequently.

Just IT was fabulous about the entire process, from the very start all the way towards getting me to the workplace.

I recommend bootcamps since it's the best way to increase yourself whether you have IT experience or not.”

“
I am in my dream job right now
